

**COIMBATORE CITY MUNICIPAL CORPORATION
NOTIFICATION**

In exercise of the powers conferred by sections 6, 25 of the Environment (Protection) Act, 1986 (29 of 1986), and in supersession of the Municipal Solid Wastes (Management and Handling) Rules, 2000, except as respect things done or omitted to be done before such supersession, the Central Government have notified the Construction and Demolition Waste Management Rules, 2016. The rules shall apply to every waste resulting from construction, re-modelling, repair and demolition of any civil structure of individual or organisation or authority who generates Construction and Demolition Wastes such as building materials, debris, rubble, etc.,

In accordance with the Coimbatore City Municipal Corporation Act (Tamil Nadu Act XXV/1981) sections 119, 120, 264, 265, 286, 296 and 297 and their subsequent revisions in the sub-sections thereof and in order to ensure effective Construction and Demolition Waste Management in the Coimbatore City, the Coimbatore City Municipal Corporation makes the following Notification:

1. Every waste generator shall prima-facie be responsible for collection, segregation of concrete, soil and others and storage of construction and demolition waste generated, as directed or notified by the concerned local authority in consonance with these rules.
2. The generator shall ensure that other waste (such as solid waste) does not get mixed with this waste and is stored and disposed separately.
3. Waste generators who generate more than 20 tons or more in one day or 300 tons per project in a month shall segregate the waste into four streams such as concrete, soil, steel, wood and plastics, bricks and mortar and shall submit waste management plan and get appropriate approvals from the local authority before starting construction or demolition or remodeling work and keep the concerned authorities informed regarding the relevant activities from the planning stage to the implementation stage and this should be on project to project basis.
4. Every waste generator shall keep the construction and demolition waste within the premise or get the waste deposited at collection centres (Annexure) so made by the local body or handover it to the authorized processing facilities of construction and demolition waste; and ensure that there is no littering or deposition of construction

and demolition waste so as to prevent obstruction to the traffic or the public or drains.

5. Every Waste generator shall pay relevant charges for collection, transportation, processing and disposal as notified by the concerned authorities; Waste generators who generated more than 20 tons or more in one day or 300 tons per project in a month shall have to pay for the processing and disposal of construction and demolition waste generated by them, apart from the payment for storage, collection and transportation. The rate shall be fixed by the concerned local authority or any other authority designated by the State Government.
